OUR ONLY PRODUCT IS SERVICE

Usher Transport Wins Prestigious NTTC Heil Trophy

To the Usher Transport Team,

I am proud to announce that Usher Transport has been selected as the recipient of the prestigious NTTC Heil Trophy.

This award is the highest company honor in the tank truck industry and recognizes excellence in safety performance, leadership, accountability, and culture. Receiving this award is a direct reflection of the people throughout this organization who choose every day to operate with professionalism, discipline, and integrity. You all earned this through your constant commitment to excellence.

Safety at Usher Transport has never been viewed as a program or initiative. It is the foundation of how we operate. This recognition belongs to every driver, technician, dispatcher, office employee, and leader who takes personal ownership of doing things the right way even when no one is watching.

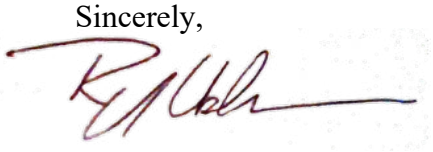

Awards like this are not won by policy alone. They are earned through consistency, communication, preparation, teamwork, and a commitment to continuous improvement. They are earned through thousands of decisions made correctly over time.

What makes this accomplishment especially meaningful is that it reflects not only our performance, but our culture. We have built a team that genuinely cares for one another, holds each other accountable, and understands the responsibility we carry to our customers and the communities we serve.

I want to personally thank every member of this company for your contribution to this achievement. While we are extremely proud to receive this recognition, we also understand that safety excellence is a daily commitment and one we will continue to pursue with humility and determination.

Thank you for everything you do. You are the best and you've earned this.

Sincerely,

Ryan Usher
President & CEO
Usher Transport, Inc.
